# Formulation And Delivery Of Proteins And Peptides (ACS Symposium Series)

## Synopsis

Presents an updated review of the recent research in formulation and delivery of proteins and peptides. Examines measurement and characterization of degradation products formed during storage, degradation mechanisms, and model systems designed to predict formulation stability. Discusses stabilization of proteins and peptides through lyophilization and focuses on the use of FTIR as a tool for understanding the role of excipients during lyophilization. Describes potential new routes and methods of delivery such as depot systems based on biodegradable polymers and aerosol systems for pulmonary delivery.

## Book Information

Series: ACS Symposium Series (Book 567)

Hardcover: 340 pages

Publisher: American Chemical Society; 1 edition (May 5, 1994)

Language: English

ISBN-10: 0841229597

ISBN-13: 978-0841229594

Product Dimensions: 5.8 x 0.9 x 9 inches

Shipping Weight: 1.4 pounds
