Customer Reviews

I ordered this book as a gift to a friend of mine. I was looking for something like this the original Kama Sutra with the INDIAN pictures and not a westernized version of the Sutra which have little to do with the spiritual essence of this ancient wisdom. The book has clear illustrations, is faithful to the original and what I received was a good product in terms that it was like new, not an used book at all! I am very pleased with this purchase and I would recommend to anyone wishing to have a look into another view of sex as a means of personal enjoyment, spiritual advancement that regardless being written for heterosexual couples could be applied to same sex lovers.
