# Labor And Employment Arbitration: An Annotated Bibliography 1991-1996 (Cornell Industrial And Labor Relations Bibliography Series)

## Synopsis

An extension of *Labor Arbitration: An Annotated Bibliography*, this volume intends to provide a larger sense of history, of institutional development, and of the abiding questions that have been raised in and about labor arbitration. The editors focus on substantial professional and academic studies of labor arbitration in the United States and Canada, drawing material from books, monographs, analytical articles in professional and academic journals, and selections from the proceedings of the meetings of academic and professional societies. In response to the changing demands made upon arbitrators, the editors have extended their coverage to include alternative dispute resolution and the Americans with Disabilities Act. A large section of the book deals with employment arbitration and matters such as wrongful discharge. Coverage of arbitration outside North America is also expanded in the current volume, which is based upon computer searches of the most widely used data bases and on cover-to-cover searches of the twenty leading journals in the field.

## Book Information

Series: Cornell Industrial and Labor Relations Bibliography Series (Book 18)

Hardcover: 165 pages

Publisher: Ilr Pr; annotated edition edition (December 1997)

Language: English

ISBN-10: 0801434408
