Customer Reviews

What a disappointment! I thought I'd learn something, but all the grammatical errors, misspellings, and fragments totally distracted from the book's message. PLEASE get a competent proofreader and editor.

I am giving this book 5 stars for content, it has lots and lots of really good information. HOWEVER, I have never seen so many typos and grammar mistakes in a published book in my life. WTF??! Did nobody proof read this??? Who publishes a book full of mistakes??? It must have been typed on a 1905 Underwood by a 3rd grader.

Not much here for a woman my age--over 60. been there done that every way possible. Girls--- it is all about your appearance. When men say they are "visual creatures" this means what they care about is how you look. Harsh but this is a fact for 99% of men. If I were writing one of these books you would now owe me \$.

Every woman who is in a relationship or not should read this book! All of Alex's advice is 100% accurate and it WORKS! Stop making a man your project, take back your power and see how much more your man will appreciate and adore you for it! After reading this book I really feel like I'm holding a little magnet in my hand that pulls high quality men towards me.

This all really great information and I have no doubt that after applying this advise it will change my life! However I feel like this book was just written and then published. No editing whatsoever!

Well written book (besides quite a few type-o's)Some really good points about shutting down negative beliefs from the past.. At my age,47,there are still many many immature men out there

This book was very helpful. I'm taking different steps to not only better my chances on meeting the right man but better my whole life! It gives you a great place to start!

Short, simple, and to the point! He gives you some great tips that you can start implementing tonight when you go out with your girls. Great read...I couldn't put it down
