Customer Reviews

In the fourth book in the series, Rodney's search to understand his sexuality is examined in more detail, as well as the dynamics of his family unit. Rodney's dilemma is presented in a very clear and heartfelt manner which brings the reader into the story and thus anticipates what the eventual resolution will be. The characters are rich and well defined and very likeable. As the other books in the series kept me wanting more, this one only increased my desire to know more. Waiting for the next one!
